ADMISSION PROCEDURE

General information

The admission procedure for each degree begins with the acceptance of the application form by the faculty; the fee is non-refundable. The application without payment of a fee will not be accepted.

Due to the automated processing of fees in the information system, we only accept non-cash payments.

A copy of the proof of payment of the fee for the admission procedure (account statement, internet banking statement) must be pasted on the 3rd page of the application form. If the applicant submits an electronic application, he / she must send to the faculty also a paper application form, duly completed, signed and with all required attachments.

The faculty does not confirm the acceptance of the application form.

The Faculty of Law, Matej Bel University does not require medical certificate attesting fitness for higher education; an application will be accepted without medical certificate.

On the third page of the application form a handwritten signature of the applicant

must be given. The applicant by its signature gives consent to the processing of personal data that are useful for the assessment of the admission procedure. The application shall not be accepted without paying a fee for the admission examination. Please enclose proof of payment of the bank transfer payment to the application form (a payment order is not a proof of payment!).

Part of the application for **DOCTORAL STUDY** (3rd level – PhD.) is also:

- a) CV,
- b) certified photocopies of evidence of Master's Degree Study (university diploma, state examination certificate, diploma supplement, if necessary, language diplomas)
- c) study results average gained in Master's Degree Study,
- d) a list of so far published (e.g., books, articles, manuals, etc.) and unpublished technical and scientific works (or expertise of these works and other documents, e.g., diplomas of "ŠVOČ" conferences, documentation of completed professional courses and the like),
- e) the framework project for the dissertation topic in the range of about 5 pages (dissertation topics are published on the website of the Faculty of Law in the section "Doctoral Studies")
- f) the fee payment slip.

Every study applicant (relevant for all levels of study) who fails to prove meeting of the basic requirements for admission to study at the time of verification of the fulfilment of the requirements for admission may be conditionally accepted to study provided that he/she must prove the fulfilment of the requirements for admission no later than on the date for enrolment in the study.

Study applicants who completed the previous level of education abroad are required to show the proof of recognition of formal qualification document obtained outside the territory of the Slovak Republic according to Act no. 422/2015 Coll. on the Recognition of Evidence of Education and on the Recognition of Professional Qualifications, as amended. The accepted applicant must submit the decision on recognition of formal qualification documents not later than on the day of enrollment for studies.

Application deadline and the requirements for foreign students' admission are identical with the ones applicable for the students from the Slovak Republic. Tuition fees are regulated by the Regulation on Tuition for the academic year 2021/2022.

ADMISSION REQUIREMENTS for Doctoral's Degree Study (3rd level – PhD.)

The basic requirement for admission to the doctoral study in study programmes as both the full-time and part-time study is the successful completion of the master's degree Study Programme **Law**, field of study **Law**. The entrance examination is conducted by the Examining Committee appointed by the Dean.

The entrance examination will be held orally. The applicant must demonstrate knowledge, understanding and skills of the field of study Law, as well as the content, methods and anticipated results of dissertation. Examination Commission will be ascertaining the applicant's interest in field of study, interest in science and will take into account the academic performance of the Master's Degree Study. The Dean shall decide on the applicants' admission on the recommendation of the Chairman of the Examination Committee.

For admission to doctoral studies, both full-time and part-time study form, the following aspects are also taken into account:

- The weighted average of the Master's Degree Study; Graduate of Master's Degree Study from another Faculty of Law, is obliged to submit, as an attachment to the application, transcript of the Master's Degree Study,
- The outcome of the interview before the Examining Board.

Number of applicants accepted will be in accordance with the approved plan of the number of applicants accepted to AR 2021/2022.

ORGANIZATION OF STUDIES

The Faculty of Law of the MBU provides higher education in accredited study programmes, in the Full-Time and the Part-Time form:

- **Doctoral's Degree** - takes three years in the full-time and four years in the part-time study. The study is completed with a defence of the dissertation, which is, after completion of appropriate requirements, preceded by the dissertation examination. Successful graduates are awarded the academic title "**philosophiae doctor**" (abbreviated as "PhD.").

Tuition fees for the academic year 2021/2022 will be paid according to the Regulation, which will be approved for that academic year.

ACCOMODATION AND CATERING FOR STUDENTS

Faculty of Law MBU students can apply for accommodation in student residences. Student canteens provide catering.

GRADUATE EMPLOYMENT

Graduates of Doctoral Study (PhD.)

The doctoral graduate in **studying programme Commercial and Financial Law** is able to work independently based on the acquired theoretical knowledge and knowledge of application practice. He or she is able to identify problematic issues in the field of commercial law and financial law, as well as the problematic issues of interdisciplinary nature while considering the practical and theoretical aspects of these problematic issues. The graduate is capable of analyzing these problems and forming scientifically justified proposals and alternative solutions for practice, as well as helping the development of commercial law and financial law as the scientific disciplines at national, European and international level. The graduate works while respecting the constitutional, ethical and human principles of society. Also, he/she is able to lead a team of experts in commercial law and financial law at a scientific level, as well as a team comprised of the experts on related legal disciplines, including also the foreign experts. The teams cooperate in solving problems related to the diversity and the state of commercial law and financial law at the national and transnational level through the projects of relevant ministries, as well as working on the grant management tasks. The graduate's capability to work conceptually on development of relevant legislation is based on the knowledge gained by his/her doctoral studies and by studying of the professional literature from commercial law, financial law and related legal fields, international legal documents, EU law, decisions of the ECHR, decisions of the Constitutional Court of the Slovak Republic. At the same time, the graduate is able to use also the knowledge of application practice and the knowledge of the methodology of scientific research methods.

The doctoral graduate in **studying programme Criminal Law** applies scientific research methods in the following areas: criminal-law protection of interests, observation, and evaluation of the various impacts on the overall level of legal protection of interests, repression and prevention, the work of law enforcement authorities, courts and prisons. On the basis of scientific methods of knowledge and research, the graduate proposes conceptual and systemic solutions, helps to develop criminal law legislation, ensures further development of the criminal law and its interdisciplinary context in national and international scientific area, provides education at the university level, he/she is also capable of performing analytical, expert, prognostic and conceptual tasks of a senior executive in the organizational structure of a police force, or another armed corps (specialized expert institute) or another public administration body. The graduate is scientifically competent to work. He/she knows all the scientific methods of research, focusing on current fundamental and specific issues of Criminal Law. He/she is knowledgeable in solving both scientific and interdisciplinary problems. The graduate is capable, through his / her personal scientific contribution of shaping the further development of Criminal law at the national, partly international level. The graduates apply the acquired knowledge in practice with the knowledge of the selection of alternative solutions. The scientific research focuses on the basic topics of the field of study. The level of acquired knowledge enables the graduate to fulfill the tasks of a university lecturer by conducting seminars and selected lectures.

The doctoral graduate in **studying programme Civil law** is able to work independently based on the acquired theoretical knowledge and knowledge of application practice. He or she is able to identify civil-law problems and problems of interdisciplinary nature while considering the practical and theoretical aspects of the problematic issue. The graduate is capable of analyzing these problems and forming scientifically justified proposals and alternative solutions for practice, as well as to help the development of civil law science at national, European and international level. The graduate works while respecting the constitutional, ethical and human principles of society. Also, he/she is able to lead a team of civil law experts at a scientific level, as well as a team comprised of the experts of related legal disciplines, including foreign experts. The teams cooperate in solving problems related to the state of private law at the national and transnational level through the projects of relevant ministries, as well as working on the grant management tasks. He or she is capable of developing relevant legislation and of working on action programs in the area of civil law and on their subsequent evaluations. The graduate's capability to do so is based on the knowledge gained by his/her doctoral studies and by studying of the professional literature from civil law and related legal fields, international legal documents, EU civil law, decisions of the ECHR and the EU Court of Justice, decisions of the Constitutional Court of the Slovak Republic. At the same time, the graduate is able to use also the knowledge of application practice and the knowledge of the methodology of scientific research methods.

INFORMATION FOR STUDENTS WITH SPECIAL NEEDS

Faculty of Law , Matej Bel University in Banská Bystrica in accordance with § 100 of Act no. 131/2002 Coll. on Higher Education Institutions and on Amendments to Certain Laws as amended and Decree No. 458/2012 on the Minimum Requirements of a Student with Specific Needs creates the appropriate study conditions for daily and external students with specific needs, due to their special study needs, **without reducing the study requirements.**

Persons with special needs are people whose physical or mental abilities limit their functioning in the normal environment and in common situations.

The status of a student with specific needs is given to the student:

- a) with sensory, physical and multiple disabilities (visual disability, hearing disability, limb sufferers, dysfunction of fine motor skills);
- b) with chronic diseases (cystic fibrosis, epilepsy, asthma, multiple sclerosis, diabetes mellitus, organ or tissue transplantation, cardiovascular disease, neurological disease);
- c) with health weakening (after long-term illness, convalescence, reduction in disease resistance or tendency to recurrence);
- d) having a mental illness;
- e) with autism or other pervasive developmental disorders (e.g., Asperger syndrome);
- f) with learning disorders (dyslexia, dysortography, dysgraphia, dyscalculia, etc.).

Before applying for university studies it is necessary to:

1. Consider own prerequisites to study at college in terms of:
 - a) knowledge level;
 - b) technical and personal readiness and motivation;
 - c) claims on content, scope and form of study;
 - d) conditions of the faculty;
 - e) disability limits.
2. Contact a faculty coordinator for students with specific needs.
3. Submit a report from a specialist, a psychologist, a speech therapist, a school psychologist, a school therapist, or a special pedagogue (for more information see the Study Guide for Students with Specific Needs at Matej Bel University in Banská Bystrica).
4. Submit a request from an applicant with specific needs to modify the form and method of conducting the admission exam, with relevant professional documentation documenting the specific needs of the applicant (if the admission exam is part of the verification of the ability to study).

The final decision to study the selected study program is done by the applicant. By decision he/she takes responsibility for any risks that he/she will not be able to continue in the study.

Important information for students with specific needs along with the necessary forms is also available on the faculty web site:
